GPS to Get You to Your High Tech Dental Practice

COURSE SYNOPSIS

The goal of this lecture is to give dentists and their staff the information to succeed in integrating the latest high tech dental products and software into their practices. You will learn about state of the art diagnostics, CBCT, Intraoral scanning, CAD/CAM and 3D printing, along with easy and predictable anesthesia delivery, minimally invasive dentistry, maximizing the Internet and social media, lasers and much more.

These easy to implement and affordable concepts will enable you to provide better diagnosis and treatment to your patients. This will reduce stress on you and your patients while increasing the productivity of your practice. High Tech Dentistry makes dentistry enjoyable again!

Course Outline:

- ≈ You cannot treat what you have not diagnoses
- ≈ Digital Radiography and 3D Imaging can be for the GP
- ≈ Intra Oral Scanners - digital impressions are now
- ≈ CAD/CAM and 3D Printing is the future of dentistry
- ≈ Cancer detection is "YOUR RESPONSIBILITY"
- ≈ Computer Controlled Anesthesia - No missed blocks!
- ≈ Minimally invasive dentistry - bioactive restorative products
- ≈ Lasers - light changes the way you do things
- ≈ Digital impressions means no more gook in the mouth
- ≈ Internet communications - no longer just a web page
- ≈ Social Media - is it right for your office?
- ≈ Electric handpieces, curing lights and other small items make dentistry easier
- ≈ New materials and techniques - because not all new technology beeps

SPEAKER – Dr. Marty Jablow, DMD

Martin Jablow, DMD is a clinician, speaker and author. He presents and publishes worldwide on many topics, including state of the art dental technology and dental materials. Dr. Jablow is president of Dental Technology Solutions a lecture and consulting company. He is an active member of the ADA, NJDA, Middlesex County Dental Association and has achieved Fellowships in the AGD and International Academy of Dental Facial Esthetics. Dr. Jablow serves on the Dentalcompare CE Advisory Board along with the Eco-Dentistry Association Advisory Board. For over 25 years, he has been a member of his local peer review and was an attending at the JFK Medical Center in Edison NJ, where he worked with patients and trained residents. As the Internet has grown so has Dr. Jablow's online presence with his dental blog, webinars and as host of various video programming. He is currently a member of the Pride Technology committee which selects the annual Pride Technology Award Winners.

The Eighth District Dental Society makes every effort to present high caliber speakers in their respective areas of expertise. The presentations of these speakers in no way imply endorsement of any opinion, product, technique, or service presented in the course of any presentation. The Society specifically disclaims responsibility for any material presented. Programs may be subject to change due to circumstances beyond our control.

Eighth District Dental Society is an ADA Recognized Provider Approved by New York State Dental Association. Eighth District Dental Society expects

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or the ADA CERP at www.ada.org/CERP.

Eighth District Dental Society designates this activity for eight (8) continuing education credit hours.
